Message from the President

The totally unexpected outcome in June 2016 of the EU/Brexit referendum, caught the banking, financial, commerce, academic & indeed the entire world by surprise, requiring the global business & other sectors having to make quite a bit of adjustments, some of which are pretty substantial & long lasting with effects yet to be seen.

The US election, like a yo-yo, has been described by the world media as a presidential campaign on a knife-edge, with absolutely astonishing outcome in the form of Donald Trump finally declared as the US President for the next 4 years, commencing from the 3rd week of January 2017. The media reported that over night and the days thereafter, there were protesting and even riots, with numbering in terms of thousands in Manhattan & many cities across the country. Protesters were saying things like, "Not my President", "No Trump, no KKK, no fascist USA etc". It is a challenge for the new US President. However, I believe it could be a blessing in disguise, if President Trump could turn around the situation within a reasonable period of time. At the time of writing this note, President Elect looks confident in meeting the challenges, while the world is watching with eyes wide open.

South Korean President Park Guen-hye described by Financial Times as: A nation's 'princess recast as a puppet, with outcome yet to be seen. However, from TV news for the past 3 weeks at the time of writing this report, angry mobs of some 1.3 million were seen demonstrating not far away from the President's office. The world is also watching closely here.

Back to Hong Kong, life cannot be described as smooth & even, with the current Chief Executive (CE) having to face loud noises asking him to step down, even before his taking up the CE appointment 4 years ago. Thereafter, the Government & many others have put in a lot of effort to achieve harmony & cohesion within the SAR, though with arguable levels of achievement. Nevertheless, HK's unemployment

rate at around 3.2 to 3.4% has remained amongst the lowest in the world. Our economy is still growing though at a slower but steady annual growth rate of about 2.4%. All this is amidst surrounding noises of discontent/dissatisfaction, even with amazing scenes of a few legislators designating plus their supporters openly advocating for full autonomy or 'Independence' for Hong Kong, a totally absurd, irrational & bizarre idea.

With external and internal factors as described earlier, not being too favourable, plus the general slowing down of the world economy, Hong Kong is definitely facing numerous challenges lying ahead. Yet looking back at Hong Kong's past history since the fifties in the last century, we have always gone through difficult situations and coming out better & stronger each time. We are never afraid of problems & headaches, as we firmly believe that through our proven records that competitions only make us stronger & fitter for survival. Furthermore, the last 31 years' record of our Institute (IMI) has proven that through the concerted efforts of the academia, professional practitioners, entrepreneurs & young people including students, competitiveness can be raised through improvements & strengthening of our management skills & knowledge in building our management excellence.

With the visionary guidance from our Counselors, and the united strengths of our Corporate Partners, I look forward to a new page for our Institute through building management excellence, in the years to come, delving both in breadth and depth into the arena of developing future global leaders for the HKSAR, our Motherland, and the Asia-Pacific region.

We earnestly invite you to rally your support and join IMI's coming initiatives in striving for management excellence.

Let us celebrate tonight, to thank all those that have contributed towards IMI's current success, and to kick-start our ambitious plan for the coming decade.

Prof. Dr. David Lan, GBS, ISO, JP

大會主席獻辭

林鄭月娥司長、各位長官、社會賢達、尊貴來賓，首先在此歡迎各位蒞臨國際專業管理學會31周年紀念晚宴，本人徐湛滔很榮幸再度獲委任為是次盛會的主席，現謹代表學會同賓，再次多謝各位嘉賓及各界友好撥冗出席今晚盛會。

本人2015年蒙學會藍鴻震會長引薦加入成為學會「企業夥伴」其中一員，有機會更認識學會的理念及目標。本人對學會近年致力發展青年培訓，令其成材，走上明日領袖之路，深受感動。另學會亦積極參與政府政務司司長轄下扶貧委員會的「友導向」計劃，對此本人更倍感有意義，故竭盡全力繼續捐助學會，以資鼓勵。

今年大會以「求管治和諧」為晚會主題，亦標誌著學會來年的目標，希望匯聚全港及中外各界精英，在求大同、存大異的大

前題下，相互研習及交流，找出最大公約數，探索成功管治技巧，推動社會和諧安定。

在互識互諒的基礎上，學會當然亦會致力栽培具國際視野的通材，共同為香港特區、祖國及鄰近地區，培養更多具同理心，包容及關愛的未來領袖，以推動本港及各地的經濟和社會發展。

晚會得以成功，實有賴各位嘉賓，一眾籌委及企業夥伴，鼎力支持，當中各慷慨捐助及贊助禮品的機構及嘉賓，本人暨學會同賓，學會屬下慈善基金，確實銘感於心，無言感激，在此再行謝過，希望各位嘉賓，今晚盡情享用美宴及欣賞大會預備的各項精彩表演節目，祝願各位身心康泰，事業興旺，家庭幸福，福澤綿長！
